Examiner: Unknown

For: Chemical Composition that Attract Arthropods

## STATUS INQUIRY LETTER

Commissioner for Patents  
P.O. Box 1450  
Alexandria, Virginia 22313-1450

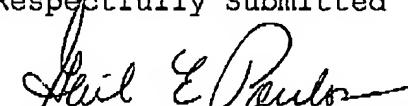

Dear Sir,

The above-identified application was filed on September 26, 2003. To date an Office action on the above-identified application has not been received. Upon inquiry, I learned the application was still in the Office of Initial Patent Examination and had yet to be scanned. I was informed by Ms. Doshie Day that I needed to file another copy of the application because they had a problem when scanning the originally filed application. I hand delivered a copy of the application to OIPE on October 19, 2004. The application has yet to appear in PAIR. I called Ms. Day on January 5, 2005 to learn the status and left a message on her voice mail. My call was never returned.

Please inform us of the status of the above-identified application, including when a first Office action from the Office can be expected.

Respectfully Submitted
